What do I need to know as an employer?

Under the CPF Act, employers must contribute CPF if their employees earn more than \$50 per month, regardless of whether the employee is employed on a permanent, part-time, contract or casual basis.

We will automatically assess their eligibility for WIS based on the CPF contributions made.

Benefits

As WIS encourages Singaporeans to work, you may find it easier to hire and retain locals.

The cost of Workfare is borne fully by the Government, with no risk of raising business costs for local enterprises or causing Singaporean workers to lose their jobs. Unlike a minimum wage, Workfare is not borne by employers.
